

InkPoster

Reviving Your Interiors

Color ePaper Digital Art Poster

Setting *new standards* in design and sustainability

Elegant, minimalistic look

InkPoster™ draws inspiration from Swiss and Italian design and their cultural heritage.

Sustainable & health-conscious

InkPoster with its ePaper screen is free from harmful Blue Light and emits no heat.

Paper-like & silent

InkPoster doesn't require a backlight to display art on a paper-like screen. It is completely silent and discreet.

Up to a year on a single charge

InkPoster is energy-efficient, battery-powered, and cordless.

InkPoster

**InkPoster based on
ePaper technology**

Paper-like and glare-free: a digital display designed to bring refined elegance to any space, free from harsh reflections.

Battery-powered and energy-efficient: operates for up to a year on a single charge, drawing energy only when changing the artwork.

Health-conscious for any room: with no Blue Light or heat emissions, it offers a safe and comfortable viewing experience.

Digital Frames

Digital Frames with
LCD/OLED/QLED screens

Backlit and disruptive: bright backlighting can distract from the ambiance, especially in low-light settings.

Constant power requirement: must remain plugged in, limiting flexible placement and cluttering decor with cords.

Emits Blue Light and heat: generates eyestrain, impacts room environment.

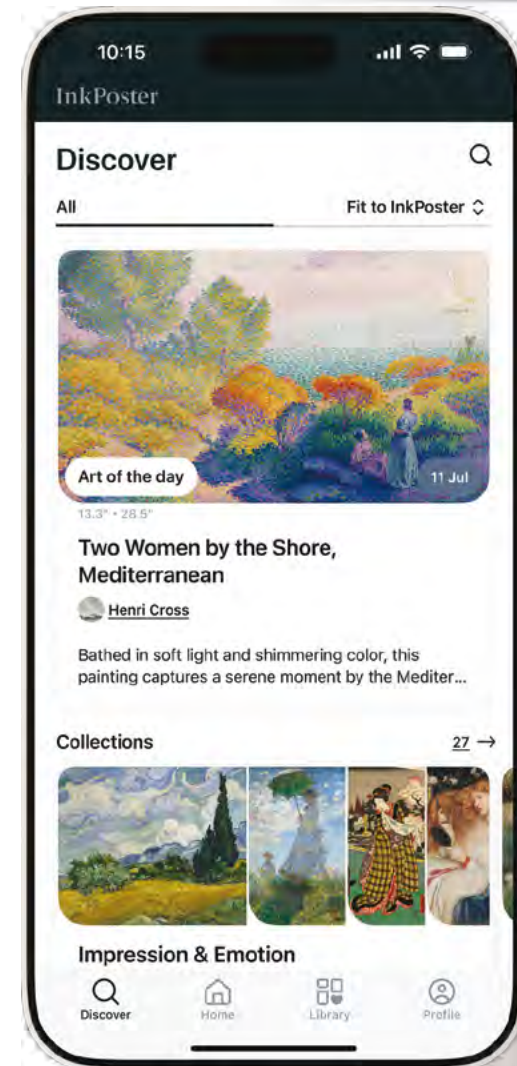

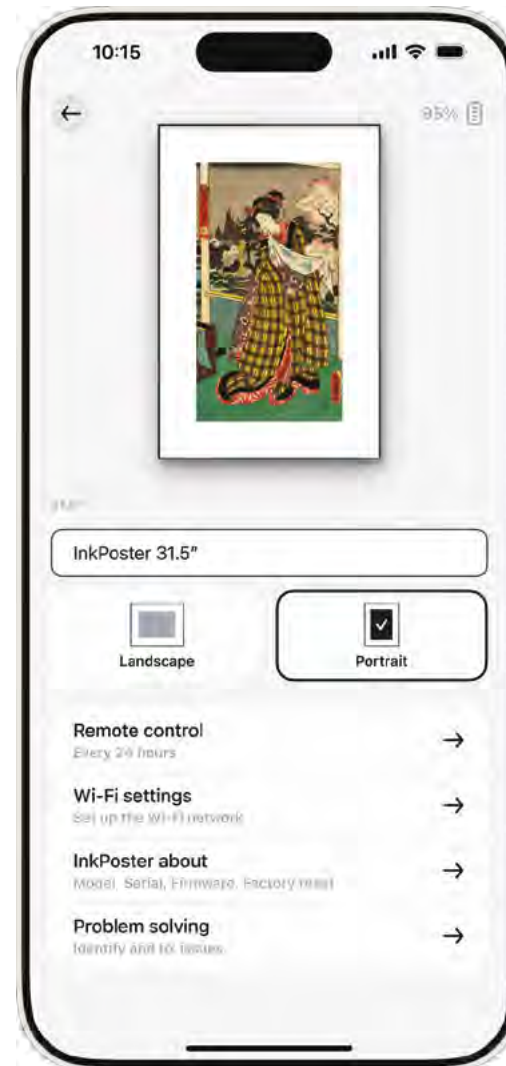

InkPoster App

Get access to thousands of iconic masterpieces in the InkPoster App, handpicked by a team of professional art consultants.

Instantly change wall art in different rooms and spaces with just a few taps.

Discover personalized collections and recommendations to refresh interiors effortlessly.

Display your personal photographs or art pieces to create a truly unique atmosphere.

Art. Curated for your life

The carefully curated catalogue includes a diverse and steadily expanding selection of classical masterpieces, contemporary works, photography, iconic graphic design, and experimental digital pieces.

It also features partnership projects with museums, collectors, and artists, offering unique and exclusive content. Backed by professional art experts and museum curators, the InkPoster team will continuously foster educational enrichment through thematic collections and develop new educational formats.
